

**Design and Implementation of a
Customer Self-Service Web Portal
For a telecommunications operator**

Client company:

**A modern full-stack business-to-consumer application.
It features a reactive UI and scalable localization using Angular
and a robust Spring Boot backend with a PostgreSQL database
to solve real-world business bottlenecks.**

**Supervisor:
Michał Możdżonek**

Team:

**Yevhenii Tarasiuk
Bogdan Vysocki
Pavel Charheika
Franciszek Skawiński**
